

ToLEDo Retro Lamps

Efficient LED Lamps at its best!

Sylvania has launched a complete range of A++ Energy rated **Retro LED Lamps** to replace traditional lamps. An industry first, the new family of products includes A60, candles, globes and ST64 shape lamps all designed to keep the look and feel and embody the soul of incandescent lamps while offering up to 90% energy savings. A clear glass bulb ensures a warm, crisp light emission at a very wide angle. These

clear versions employ the very latest in LED Chip technology using a virtual filament design to deliver all-round glow to match the ambience created by traditional incandescent lamps.

ToLEDo Retro LED Lamps are the perfect, low energy alternative for general and decorative application such as wall lights, table lamps and especially chandeliers.

ToLEDo Retro Lamps

Efficient LED Lamps at its best!

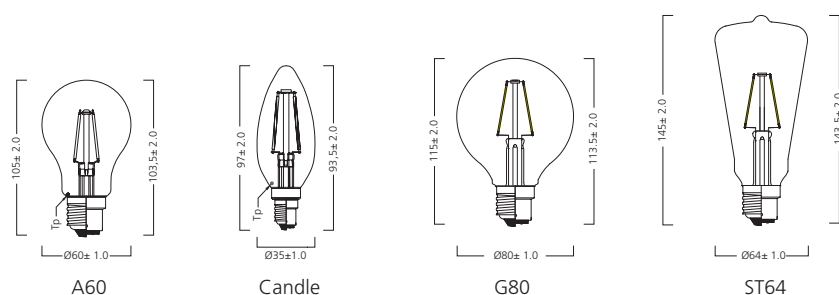

Features

- LED Chip technology using a virtual filament design which creates a warm ambiance similar to traditional lamps
- Up to 90% energy saving compared to incandescent lamps
- First lamp of its type to achieve A++ rating - up to 128lm/W
- Instant light at the flick of a switch
- Suitable for replacement of up to 50W incandescent lamps
- Ultra wide, uniform light distribution (300 degree beam angle)
- Available in Homelight (2700K)
- Average rated life up to 15,000 hours
- Packed in individual boxes (SL) or in blisters (BL)
